

medifa 4000 URO

Examination chairs
for urology

we care.

medifa 4000 URO

- Ergonomic and modern design
- Polished high quality stainless steel edition
- Optimal to clean and disinfect
- User friendly foot switch conception
- Additional hand switch with coloured display (400550/570)
- Accessible for handicapped and elderly people
- 12 memory positions/ 4 user accounts
- Time saving by simultaneous drive of engines (memory-positions)
- Various colouring possible
- Small footprint by compact construction
- Maximum permissible overall load of 200 kg

medifa 4000 URO

Examination and treatment chair

Art.-no. 400520

With the following electrical functions:

- Height adjustment
- Adjustment of pelvis section
- Adjustment of back section

Shown accessories:

Art.-no. 40023

Neck upholstery

Art.-no. 81726_1

Footrests „Comfort“ incl.
artificial leather cover

Art.-no. 91706

Collecting basin (ø 320 mm) with
rinsing device

Examination and treatment chair

Art.-no. 400550

With the following electrical functions:

- Height adjustment
- Adjustment of pelvis section
- Adjustment of back section
- Hand switch
- Memory function with three
programmable positions for four
operators

Shown accessories:

Art.-no. 40023

Neck upholstery

Art.-no. 40000

Powder coated base according to
RAL colour chart

Art.-no. 42000

Column cover made of
stainless steel

Art.-no. 81717

Leg holders according to Goepel incl.
artificial leather covering

Art.-no. 91706

Collecting basin (ø 320 mm) with
rinsing device

medifa 4000 URO

Examination and treatment chair

Art.-no. 400570

With the following electrical functions:

- Height adjustment
- Adjustment of pelvis section
- Adjustment of back section
- Adjustment of leg rests
- Hand switch
- Memory function with three programmable positions for four operators

Shown accessories:

Art.-no. 40023

Neck upholstery

Art.-no. 81726_2

Footrests incl. artificial leather cover

Art.-no. 91706

Collecting basin (ø 320 mm) with rinsing device

Basic Features

- Aluminium base and column cover powder coated, white (RAL 9010)
- Seat part and back rest frame made of polished stainless steel
- Electric movements controlled by easy operated cable foot switch
- Electric movements controlled by easy operated hand switch with colour display (Model 400550, 400570)
- Floor levelling screws for secure standing
- Upholstery with ergonomic form, 50 mm thickness
- Head and back upholstery prepared for neck upholstery with magnetic fixation
- Plastic covered backsides of upholstery parts
- Paper roll holder for paper rolls (up to 500 mm) at back rest
- Paper rollable over back rest and seat part, or just over seat part
- Mounting device for side rails (25 x 10 mm), hand grips as well as a fixation device for leg holder system acc. to Goepel
- Extendable, inclinable, detachable white plastic basin
- Safe working load: 200 kg
- Weight of the chair: approx. 110 kg
- Floor space required: 860 x 550 mm
- Power supply: 110/230 V / 50-60Hz , incl. 3 m cable

Functionality and Design

Powered adjustment of height
from 550 up to 900 mm

Powered adjustment of
pelvis section up to + 20°

Powered adjustment of leg holder
system up to 30°

Powered adjustment of
back section up to +50°

Control concept

Learn more about the advantages of the medifa 4000 control concept using the model 400570 as an example.

- Only a few keys ensure simple and intuitive operation
- Control concept can be learned quickly thanks to the same symbols and colour scheme of the control units
- Colour display shows motion performed and selected user level (400550 and 400570 models only)
- Time saving due to synchronous running of the motors in memory mode
- Four user levels, each with three memory positions - ideal for multiple users
- All movements can be immediately stopped and executed again
- All three memory positions can also be activated directly via foot switch
- Collecting basin inflow controlled via foot switch

Illuminated colour display shows

- the current position,
- of the 4 available user modes,
- of the 3 memory positions

Double function key for

- preselection of the several functions
- preselection of memory positions M1 to M3

LED display shows selected function

Positioning keys for all functions

User selection key (4 users)

Activating a saved memory position

Saving a memory position

Double function key for

- preselection of the several functions
- preselection of memory positions M1 to M3

Activation of one of the three memory positions directly accessible by foot

Positioning keys for all functions

Exemplary workflow using the memory functions

M1

Ascent and descent position

M2

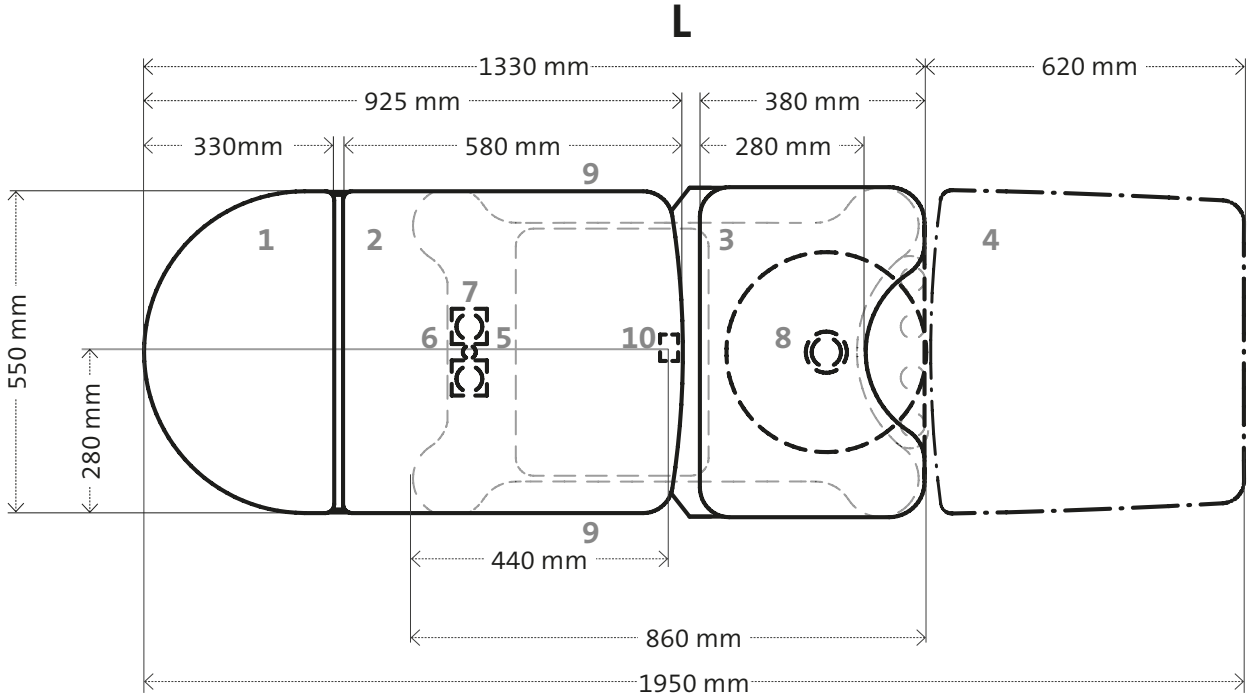

Urological examination position

M3

Urological treatment position

Technical Information

1.	Head upholstery	7.	Socket at the base (accessory 40677)
2.	Back upholstery	8.	Rinsing device (Accessory 91706)
3.	Pelvis upholstery	9.	External water connection Ø 1/2", standard left-sided
4.	Leg plate (Accessory 400066)		Drainage hose Ø 40 mm
5.	Potential equalisation (Accessory 40678)	10.	Cable outlet for floor connection
6.	Power cable outlet		

Leg Holder Systems

Art.-no. 81726_1

Footrests Comfort (pair), with integrated hand grip function and artificial leather cover, for attachment at the chair's tothing elements

- Stepless, gas spring supported one-hand height adjustment
- Swivelling
- Grey foamed PUR footrests
- Not in combination with items 81072 and 82347_System

Art.-no. 81717

Leg holders according to Goepel (pair), with integrated hand grip function and artificial leather cover, for attachment at the chair's tothing elements

- Adjustment of leg holders by tothing elements at the chair
- Swivelling
- Grey foamed PUR footrests
- Stepless adjustment of the knee bolsters by ball joint
- Suitable for electric adjustment (400570)

Art.-no. 81726_2

Footrests (pair), with integrated hand grip function and artificial leather cover, for attachment at the chair's tothing elements

- Adjustment of footrests by tothing elements at the chair
- Swivelling
- Grey foamed PUR footrests
- Suitable for electric adjustment (400570)

Art.-no. 81705

Leg holder according to Goepel Comfort with grey foamed PUR knee bolsters (pair)

Art.-no. 85223

Side rails at pelvis section for accessory attachment (pair), l = 320 mm, only required for items 81705, 81700 and 81650

Art.-no. 81500

Clamps made of stainless steel, rotatable, for side rail attachment (pair)

Leg Holder Systems

Art.-no. 81700

Leg holders according to Goepel Classic with black foamed PUR knee bolsters (pair)

Art.-no. 81710

Additional charge for artificial leather cover of knee bolsters (only for item 81700) in upholstery colour

Art.-no. 400076

Leg plate for short horizontal positioning of the patient

- Complete insertion of the leg plate below the seat part
- Enlargement of the chair's lying surface up to 1670 mm
- Not in combination with items 400066, 91706 and 91767

Art.-no. 81650

Heel supports (pair) for fixation at side rail, made of stainless steel, without clamps

Art.-no. 400066

Leg plate for horizontal positioning of the patient

- Leg plate adaption by insertion below the seat part
- Enlargement of the chair's lying surface up to 1950 mm
- Not in combination with item 400076

Urological Accessories

Art.-no. 91706

Collecting basin (ø 320 mm) made of stainless steel with rinsing device, incl. odour trap and inspection access, inflow electromagnetically controlled via foot switch, not in combination with item 91762

Art.-no. 91707

Catching filter for insertion into collecting basin

Art.-no. 91716

Hanging up rack beside the chair for collecting basin or uroflow system

Art.-no. 91760

Holder for urodynamics patient unit, Albyn Medical „Smartdyn“, for side rail attachment

Art.-no. 91762

Holder for uroflow system, incl. rack for chair attachment, not in combination with items 91706, 91617, 400076 and 81072_200

Art.-no. 91763

Same as 91762, but can be combined with item 91706 or 91617

Art.-no. 91617

Stainless steel disk (ø 320mm), with outlet and tube, not in combination with item 91762

Art.-no. 91608

Bucket made of stainless steel, volume 12 litres, incl. lid with tube-inlet

Art.-no. 91766

Attachable upholsteries for enlargement of seat part for uro dynamic, dimensions (l x w): 170 x 150 mm, not in combination with item 400076

Art.-no. 91765

Uro dynamic seat cushion with central drainage channel

Art.-no. 91767

Drainage pan made of stainless steel with tube, not in combination with item 400076

Standard Accessories

Art.-no. 40677

Socket at the base, 2 pieces
(cannot be retrofitted)

Art.-no. 40678

Potential equalisation socket at
base (cannot be retrofitted)

Art.-no. 40018

Doctor's foot rest made of stainless
steel, not in combination with items
81047_200, 91762 and 91763

Art.-no. 40898

Mobility for examination chair,
consisting of 4 double leading castors,
ø = 75 mm, lockable, electrically
conductive, not for patient transfer

Art.-no. 40046

Hand switch for control of height
adjustment, pelvis section adjustment
and back section adjustment (only for
item 400520, cannot be retrofitted)

Art.-no. 42000

Column cover made of polished
stainless steel

Art.-no. 40000

Additional charge for powder coated
base according to RAL colour chart

Art.-no. 41000

Additional charge for powder coated
cover of the column according to RAL
colour chart

Art.-no. 40020

PVC-protective cover for
pelvis part upholstery

Art.-no. 85222

Side rails at back section for accessory
attachment (pair), l = 600 mm

Art.-no. 85223

Side rails at pelvis section for accessory
attachment (pair), l = 320 mm, only
required for items 81705, 81700 and
81650

Standard Accessories

Art.-no. 81043

Storing bowl made of stainless steel, dimensions: L x W x H: 325 x 265 x 65 mm

Art.-no. 81044

same as 81043, but with dimensions (L x W x H): 325 x 176 x 65 mm

Art.-no. 28530

Hand grips, white RAL 9010 (pair)

Art.-no. 28531

Additional charge for artificial leather cover of handgrips in colour of upholstery (pair)

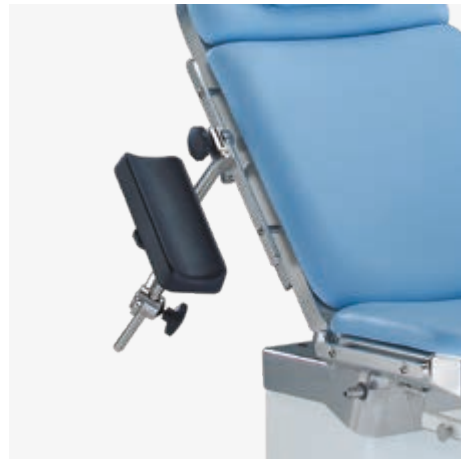

Art.-no. 40023

Neck upholstery, incl. magnetic fixation

Art.-no. 81805

Infusion rod for side rail attachment, stainless steel, incl. rotatable clamp

Art.-no. 61211

Arm rest, rotatable and tiltable by means of ball joint, height adjustable, horizontally slidable, upholstery electrically conductive, incl. clamp and fixture strap, dimensions (upholstery): L x W x H = 400 x 115 x 40 mm

Art.-no. 40220

Arm rest, swivelling, incl. artificial leather covered upholstery in colour of choice, dimensions (upholstery): L x W = 600 x 165 mm

Art.-no. 40070

Wall holder made of stainless steel, for attachment of footrests, leg holders, leg plates and further accessories to fix at side rail (25 x 10 mm), dimensions (L x W x H): 300 x 235 x 200 mm

Standard Accessories

Art.-no. 82348

Examination luminaire for attachment at holder 82349_1, 82349_2 or 82349_3

- LED technology (50'000 lx / 0.5 m)
- Illuminated field 180 mm
- Precise colour rendering Ra >93
- Light colours 3300 K, 3800 K or 4400 K
- Illumination strength dimmable in five stages
- Operating unit on light head
- Stepless positioning through flexible arm
- Slight thermal radiation in light

Art.-no. 82349_1

Holder for examination luminaire, adaptable on the right side

Art.-no. 82349_2

Holder for examination luminaire, adaptable on the left side

Art.-no. 82349_3

Examination luminaire holder for examination chair with colposcope holder, adaptable at the right or at the left side

Additional furniture

Art.-no. 206020

Mobile stool with polished five-arm aluminium base, double swivel castors ø 50 mm, height adjustment with gas spring support from 420 to 550 mm via release lever under seat, upholstery made of artificial leather covered foam according to colour chart, dimensions: seat: ø 360 mm, upholstery: 60 mm, base: ø 600 mm

Additional furniture

Art.-no. 206045

Mobile stool with saddle seat and base ring, polished five-arm aluminium base, double swivel castors \varnothing 50 mm, height adjustment with gas spring support from 420 to 550 mm via release lever under seat, upholstery made of artificial leather covered foam according to colour chart, dimensions:
seat: \varnothing 400 mm,
upholstery: 60 mm,
base: \varnothing 600 mm

medifa

The medifa healthcare group unites competence concerning operating rooms under one roof.

medifa is an owner-run and internationally active complete solution provider in the medical technology.

The product and service portfolio covers all operating room requirements from modular wall, door, ceiling and cabinet systems (RooSy® Room Systems) for the turnkey operating room, as well as mobile operating tables, operating table accessories and operating lights, right up to examination chairs and medical

furniture. In addition, one of the largest German OEM suppliers in the medical technology sector also belongs to medifa.

medifa GmbH & Co. KG (Finnentrop), medifa hygienic rooms GmbH (Ötigheim) and medifa metall und medizintechnik GmbH in Rastatt are all part of this group of companies. The medifa healthcare group employs approximately 350 employees at three locations within Germany. The planning, engineering and production

take place exclusively in Germany, and with over 90% added value in the group of companies, the group guarantees fast reaction times.

The slogan "we care" means for us that we consistently orientate ourselves according to the requirements of our customers. Customers all over the world can rely on top-class consultation, processing and quality from a single source, made in Germany according to certified national and international quality standards.
